Office Action Summary

Art Unit: 1761

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over German patent DE 3,331,517 (as discussed on page 2, lines 16-31 of applicant's spec.) in view of Jenner et al.

Applicant is referred to the reasoning set forth in paragraph No. 3, Paper No. 5.

3. Applicant's arguments filed June 26, 2003 and the accompanying 132 declaration~~s~~ have been fully considered but they are not persuasive. While said declaration does provide sufficient evidence to overcome the rejection based upon Stray-Gunderson as the primary reference, the evidence does not provide sufficient evidence to overcome the rejection set forth above. There is no factual evidence of record that the combination of ^casulfame-K and ^asucose provides unexpected results. In fact, applicant admits that the beneficial effects of blending artificial sweeteners are well known (page 3 of remarks).

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
